

We're glad to be here together with you. Our name comes from 1 Peter 3:8 "Live in harmony with one another. Love as brothers and sisters." If you are a fellow brother or sister in Christ, you are also part of the band today. Everyone is invited to join in singing praise to our God together!

We put a lot of effort into making professional CDs because we want to share the reason for the hope we have with more than those here today. Since we haven't sold a million copies (yet 😊) our production cost is \$15 including \$1 each that we will donate to LCMS World Relief and the National Lutheran Outdoors Ministry Association. We sell them at cost, but talk to us if you want to buy multiple copies for gifts, fundraisers, or outreach projects. We also take credit cards
